# Snohomish County Property Use Codes

## Notes and Comments:

- 1) 2 Digit Property Use Codes (called Land Use Codes in the WAC's) are required per WAC 458-53-030. Counties may elect to use a more detailed land use code system using additional digits; however, no county land use code system may use fewer than the standard 2 digits.
- 2) The Property Use Code scheme specified in the WAC's matches the use code scheme found in the 'Standard Land Use Coding Manual, January 1965, Urban Renewal Administration, Housing and Home Finance Agency and Bureau of Public Roads, Department of Commerce **except** for categories 30 and 31. Categories 30 and 31 match the topics found in the 'Standard Industrial Classification Manual', 1967.
- 3) The SnoCo 5 digit use code in effect from implementation of codes in SnoCo was converted to a 3 digit use code with the implementation of Ascend™ and ProVal™.
- 4) SnoCo Property Use Codes which did not conform to the WAC's (residential and commercial condominiums) were converted to conforming number with the implementation of Ascend™ and ProVal™.
- 5) Bold titles in all caps match the titles from the WAC's. Bold titles in proper case are SnoCo instituted titles added for clarification. Titles on use code range numbers come from the WAC's. Titles on individual use codes at the 3 digit level are from either the Land Use Coding Manual, 1965 or the Standard Industrial Classification Manual, whichever is appropriate. In cases where SnoCo has elected to define a specific Property Use Code such as 915 Common Areas, there will be no corresponding title in either manual.
- 6) Code numbers omitted from the above list are not currently assigned by either WAC or SnoCo.
- 7) Utility accounts are not parcel specific but rather represent the proportion of the utility value that exists within the boundaries of a levy code. No specific Property Use Code related to 'use' can therefore be assigned to these accounts. Consequently they are assigned the use code of 002.
- 8) Property Use Codes are used by the Washington State Department of Revenue to stratify parcels in preparation of the County ratio and the creation of the County Abstract report.
- 9) Property Use Codes are used by Planning and Development Services (PDS) in various demographic and planning studies.
- 10) Property Use Codes are used by Surface Water Management (SWM), a division of Snohomish County Public Works to generate surface water billing charges.

# **Snohomish County Property Use Codes**

## **Abstract Categories as specified by WAC 458-53-050**

Each abstract category is a grouping of Property Use Codes as specified in the Ratio Procedures Manual. Refer to the procedures manual for a detailed explanation of which use codes are assigned to which abstract.

1. SFR .....Single Family Residences
2. MFR .....Multiple Family Residence
3. MFG .....Manufacturing
4. CML .....Commercial
5. AG .....Agricultural
6. AG/CU .....Agricultural / Current Use
7. FOR .....Forest Lands (CF / DF)
8. OS .....Open Space (general)
9. TMBR .....Timberland (Current Use)
10. OTHER .....Remaining Property Types
11. UTIL .....Utilities (Property Use Code 00002)
12. REF .....Accounts in Reference (Property Use Code 001)
13. EXEMPT .....Tax Status of 'X', Fully Exempt

A category for utility accounts was created by SnoCo so that the utility accounts would be accounted for in the Abstract Report. They cannot be summarized in one of the other Abstract Groups as the SnoCo utility Property Use Code of 002 is not one defined in the WAC.

Categories for Reference and Exempt accounts were created by SnoCo so that all SnoCo parcels and value would be accounted for in the Abstract Report.
